

## JOB SMART

# Aged and Disability Care Essentials

### Looking to start a career in a rewarding and fulfilling field?

Our Aged and Disability Care course is the perfect choice for those looking to make a difference in the lives of others.

With our introductory training, you'll gain the essential skills and knowledge required to commence work immediately in residential and home care settings.

Our course covers everything you need to know, from maintaining the healthy functioning of the body to understanding how to respond to an individual's physical personal needs. You'll also learn vital skills such as infection control and manual handling, and gain an understanding of the structure and function of body systems, as well as health terminology.

Upon completion, you'll receive a Statement of Attainment for:

- HLTWHS002 Follow safe work practices for direct client care
- HLTAAP001 Recognise healthy body systems,

If you're currently not working, our Aged and Disability Care course is an excellent opportunity to gain new skills and start a fulfilling new career.

**Don't wait – enroll now and take the first step towards a brighter future!**

**Gain the confidence and credentials you need to start your career in aged and disability care.**
